

PRASITH DEVANAN

UI/UX Developer | Creative Frontend Developer

Chennai, India | +91 96985 50396 | prasith4545@gmail.com | [LinkedIn](#) | [Behance](#) | [Portfolio](#)

PROFILE SUMMARY

Designer-developer with 2+ years of experience creating brand-consistent digital creatives and building responsive, interactive front-end interfaces. Strong Adobe Photoshop and Illustrator background from branding, social media creatives and marketing collateral work, combined with hands-on HTML5, CSS3 and JavaScript skills and a Figma-to-code workflow that turns high-fidelity designs into pixel-perfect, responsive output. Comfortable with animation, micro-interactions and motion in interface work, with close attention to detail, and used to collaborating with creative and engineering teams to deliver quality work on time.

CORE SKILLS

Design & Creative:	Adobe Photoshop • Illustrator • Figma • Adobe XD • Layout, Typography & Colour • Visual Hierarchy • Brand Guidelines & Style Guides • Social Media Creatives • Logo & Branding • Mood Boards
HTML5 & Front-End:	HTML5 • CSS3 • JavaScript (ES6+) • Responsive Web Design • Design-to-Code (Figma-to-Code) • Reusable Components • HTML Email Templates • Landing Pages • Bootstrap • React
Animation & Motion:	Animation & Micro-interactions • Interaction Design • Interactive Prototyping • Transitions & Motion for AR/VR Interfaces
Workflow & Collaboration:	Design Systems • Asset Handoff to Developers • Accessibility (WCAG) • Git-based Collaboration • UX Research • Wireframing & Prototyping

PROFESSIONAL EXPERIENCE

UI/UX Designer — *Augray Private Limited*

Apr 2024 – Present

- Convert high-fidelity Figma designs into pixel-perfect, responsive front-end interfaces using HTML, CSS and JavaScript, working closely with developers on Figma-to-code handoff.
- Create social media banners in Adobe Photoshop for platforms such as LinkedIn, Instagram, Meta and Pinterest, along with other social media platforms.
- Create HTML5 banners using HTML, JavaScript and custom CSS.
- Build high-fidelity, interactive prototypes in Figma that simulate real-time behaviour and transitions of components within 3D environments.
- Develop reusable design systems and component libraries that keep visuals consistent and speed up UI development across AR/VR platforms.
- Design immersive UI for AR and VR applications, optimising usability for head-mounted devices and gesture-based navigation.
- Collaborate with cross-functional product and engineering teams to align design decisions with technical feasibility and implementation constraints.

Senior Graphic Designer — *Techie Hope Solutions*

Apr 2022 – Nov 2023

- Designed social media creatives and marketing collateral in Adobe Photoshop and Illustrator, aligned with each brand's strategy and guidelines.
- Built responsive HTML email templates and lightweight landing page layouts for marketing campaigns using HTML and CSS.
- Delivered end-to-end branding solutions including logo design, mood boards and style guides.
- Maintained visual consistency across digital campaigns and strengthened brand recall.

EDUCATION

UI/UX Design Course — *Fortune Innovative*

Aug 2023 – Jan 2024

- Studied design thinking, UX research, wireframing, and responsive web/mobile UI principles.
- Hands-on practice with Figma and Adobe XD building user flows, high-fidelity screens, and interactive prototypes.

Diploma in Mechanical Engineering — *EIT Polytechnic College*

2017 – 2020
